## Work&Train

Promoting training and inclusion of the disadvantaged groups through work

A lightbulb is centered in the background. A thick pink circle is drawn around the middle of the lightbulb, framing the text. The text is overlaid on a semi-transparent grey rectangle that covers the lower half of the lightbulb.

*Observation of what is now necessary to provide more and different **job opportunities** and **personal development** for all those citizens more **vulnerable** and at **risk of exclusion**, or already **excluded** from society and the ordinary labour market.*

*For these groups of population, social enterprises are often the only possibility to regain active participation in society.*

*Social enterprises exist in different countries of the European Union, but they have to deal with specific and structural problems.*

# SCUOLA CENTRALE FORMAZIONE

Country: Italy

SCF is a **national private association of vocational training centres** and is recognised by the Ministry of Labour.

SCF works primarily in order to offer a **representative support and an effective coordinating action to all associates**.

SCF promotes and manages – directly and through its associates – actions for **education, vocational training and counselling**, with a specific interest on methodologies, innovation and transfer of best practices.

As a national organisation, SCF directly manages innovation projects especially at national or EU levels, but indeed even at regional level, especially in the Veneto Region where it is based.

In 2012, SCF created, with the social cooperatives of its associated, the Association **EVT**, to promote and to support the access to competences and to employment particularly of youths, but also of adult people, through the production and marketing of goods and services.

The model is based on accompanying measures (social dimension), aiming at introducing people in the job market through work (economic dimension), increasing their knowledge and their social and technical competences (pedagogic dimension).

# ***FEDERATION des INITIATIVES et ACTIONS SOCIALES*** ***- ACTION COORDONNEE de FORMATION et d'INSERTION ASBL***

Country: Belgium

ACFI is a network which gathers about **forty vocational training centres in Wallonia and in Brussels**. These associations offer **training opportunities for low qualified people**, in order to facilitate their integration into the labour market. During the training period, trainees learn a job and get the opportunity to build their professional project in an autonomous and responsible way.

ACFI-FIAS represents its members within networks active in the fields of vocational training and social economy. It also coordinates studies and offers its members a broad range of **individualized services**, such as assistance in the setting-up of projects, advice in their strategies, legal assistance, help in the legal, administrative or financial fields etc.

# ***OBSERVATORIO de ECONOMIA SOLIDARIA***

Country: Spain

OeS is a non-profit association that it has as purpose to study, the investigation and the promotion of the **solidarity economy**, as a model of economic development, based on the respect to the people, with a perspective of sustainable development and like means of social cohesion.

Therefore, one of the main objectives of the association is to identify and to promote projects of **social development** and to apply them in the territory.

The fiels of action in social matter that the “Observatorio” has developed until today are: Development of the solidarity economy, **labour insertion for people in risk of social exclusion**, eradication of the **socio-economic inequalities in the country**, management of the **cultural diversity**, inclusion of **good practices** of Social Responsibility in the Companies, between others.

# ***HOPE IN THE COMMUNITY LIMITED***

*Country: United Kingdom*

*HitC is an **NGO** with a strong track record of delivery of projects in support of the **unemployed and socially excluded** in cooperation with local networks and 'silent' partners. HitC is located in the **north of Kent** where there are significant pockets of social exclusion which can be attributed to the high costs of living in the south east and the lack of suitable employment opportunities. This is now being emphasized more acutely due to the economic hardships being faced by people with reducing incomes and fewer opportunities.*
