

Local development agency for a community welfare and fight against social exclusion.

The problem

Profit enterprises and Public Authorities have more and more difficulties in answering complex needs of the territory.

Objective

The consortium Fare Comunità tries to contribute to the satisfaction of some of these needs in order to favor social and work inclusion processes of disadvantaged groups and implementing paths and networks for social innovation.

Solutions

To reach its objective, Fare Comunità...

... manages projects/services for work inclusion of disabled people and of those with social disadvantages

Economic Sustainable Development

... plans, researches and supports activities related to ...

Social Cohesion

... supports CSR processes, drafting of Social Balance sheets and Ethical Codes

Citizens participation in the creation of community welfare

Members

The members of Fare Comunità are 10 all located in the Province of Ravenna.
